## SUMMARY

Computer Engineering student with intermediate skills in React, Python, and Java. AI/ML enthusiast, quick learner, and eager to gain hands-on experience through real-world projects. Passionate about problem-solving, cloud technologies, and continuous learning.

## WORK EXPERIENCE

### Solo Hackathon Developer ,Project Engineer

March 2025

- Developed an automated class schedule generator based on course selection, lab availability, and visitor faculty slot management.
- Integrated advanced analytics for Overall, Faculty, and Subject-wise statistics.
- Ranked 5th in the event as a solo developer.
- Tech Used: JavaScript, React, Data Structures, Algorithms

### Kalaa E-Commerce MERN Developer

Oct 2024 - April 2025

- Built a platform to connect artisans with buyers interested in handmade goods.
- Implemented secure authentication, product listings, and user profile management.
- Tech Used: MongoDB, Express.js, React, Node.js

### Google Cloud Arcade Facilitator '25 - Participant

Mar 2025 - May 2025

- Completed quests and labs in cloud computing, DevOps, and machine learning using Google Cloud Platform tools.

## EDUCATION

### **Bachelor of Computer Engineering**

2022 - 2026

Atmiya University of Engineering and Technology

- 5<sup>th</sup> Sem(CGPA - 8.76)

### **12th HSC**

### **10th SSC**

2019 - 2022

Atmiya School

Atmiya School

- 87 PR

- 98 PR

## ADDITIONAL INFORMATION

- **Technical Skills:** React, C, C++ ,JAVA , Project Management, Critical Thinking ,Teamwork ,Python
- **Interests:** Looking to grow in AI/ML, full-stack development, and cloud computing.
- **Languages:** English, Gujarati, Hindi
- **Certifications:** 5th rank at the Hackathon 2025
- **Activities:** Google Cloud Arcade Facilitator '25
